New York's Greatest Store

John Wanamaker---Formerly A. T. Stewart

Greatest in volume of sales.

Greatest in volume and variety of merchandise.

Greatest in area of store buildings—in addition to the old A. T. Stewart structure covering the entire block between Broadway and Fourth Avenue and Ninth and Tenth Streets, the John Wanamaker business includes the new Wanamaker Building covering another block on Broadway between Eighth and Ninth Streets and rising fourteen stories in the air, and two underground, with a subway station within the store.

Maintaining the economies that come from a co-operative concentrated business under one roof and one management, the John Wanamaker organization is made up of

Fifty or More Specialty Stores

—each as individual and as highly specialized as a shop which carries on only one kind of business.

THE JEWELRY STORE ranks among the half dozen good jewelry stores of New York.

THE BOOK STORE is ranked by people who know ahead of any other store of its kind.

THE PIANO STORE and the TALKING MACHINE SALONS are unique in their individuality and service.

THE FURNITURE STORE, occupying three floors in the new Wanamaker building is without equal in America—in the business transacted, in the volume, quality and variety of the stocks always on hand.

THE CARPET AND RUG STORES, HOUSE FURNISHING STORES, the CHINA AND GLASS STORES, the BEDDING STORES, the PICTURE GALLERIES—all bear the Wanamaker individuality which is unique in the business world.

The old Stewart Store has become the WOMAN'S STORE—the centre of fashion in New York. Here are gathered the Fashion Salons of women's dresses, suits, wraps, coats, lingerie, corsets, negligees.

Here is the MOST IMPORTANT SILK MARKET in America carrying out the old Stewart tradition for fine silks.

Here are the DRESS GOODS, LACES, TRIMMINGS, in large variety.

Here is the PURE LINEN STORE.

Here is the FANCY GOODS STORE.

Here are the LEATHER GOODS, the TOILET GOODS, and the CANDY STORE—all highly specialized.

Here is the BABY STORE, the BOYS' STORE, the GIRLS' AND YOUNG WOMEN'S STORE—each a leader in its class.

Here is the SHOE STORE for women and children—recognized as foremost in the business.

Here is the store of HOSIERY AND UNDERWEAR, of HANDKERCHIEFS, of women's NECKWEAR AND VEILINGS—all richly stocked with new merchandise.

THE MEN'S STORE is a highly specialized business occupying the entire main floor of the new Wanamaker building and circling the Burlington Arcade, which is the centre of men's fashions in New York. Here will be found clothing, furnishings, hosiery and underwear, walking sticks, shoes, hats, custom tailoring, and on the gallery just above a barber and hair dressing shop.

Stability AND Permanency

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

The Publishers of this Directory

Where does your Advertising go?

When your advertising matter goes out hit or miss to any old sort of a list of names, there's bound to be tremendous waste.

Polk's lists **are different—because they are based on original data—the data that goes into Polk's 400 City, County, State and National Directories. Directory publishing is our principal business.**

98% delivery is guaranteed on our lists—can you ask for any better proof of efficiency?

Form letters—well executed—command attention. We do addressing, multi-typewriting, filling in, folding, enclosing and mailing.

BEWARE

Of Fraudulent Directory Schemes

An organized gang of swindlers is operating in New York City under the guise of Directory Publishers.

Protect yourself by refusing to pay any money to any one claiming to represent any publication with which you are not thoroughly familiar.

The publishers of this directory will be glad to furnish advice concerning any directory publication on which collection is attempted and to co-operate in the prosecution of any person caught in a fraudulent operation.

TROW'S NEW YORK CITY
STREET AND AVENUE DIRECTORY
BOROUGH OF MANHATTAN

COPYRIGHT, 1917, BY
R. L. POLK & CO. INC., NEW YORK CITY

EXPLANATION.

IF you wish to find the location of any dwelling-house or store,—for instance, No. 80 **ALLEN** Street,—on consulting the Street Directory (*see* **ALLEN**) you will observe that 66 Allen is on the right hand of that street and on the corner of Grand, and 86 Allen is on the right-hand corner of Broome: hence the desired number, 80 Allen, will be on the right-hand side of Allen Street, between Grand and Broome.

Or, suppose you are going up Broadway, and wish to take a cross street, so as to call at 236 Hudson Street; on examination (*see* **HUDSON**) of the corner numbers in Hudson Street, you will observe that 230 Hudson Street is on the corner of Broome; hence by passing from Broadway, through Broome Street to Hudson, you are near to the desired number, 236.

TROW'S NEW YORK CITY STREET AND AVENUE DIRECTORY
BOROUGH OF THE BRONX

COPYRIGHT, 1917, BY
R. L. POLK & CO., INC., NEW YORK CITY

EXPLANATION

NOTE.—The following resolution, adopted by the Board of Aldermen March 21, 1882, and approved by the Mayor March 28, 1882, will explain the plan of numbering the streets north of Harlem River:

That Willis avenue be numbered, commencing at the Harlem River, and that said numbering run continuously through Willis, Melrose, and Webster avenues.

That all other avenues in the Twenty-third and Twenty-fourth Wards, having a generally northerly and southerly direction, be given the same number at the cross streets nearest their southern terminus as that on Willis, Melrose, and Webster avenues at the intersection of said cross street, and then numbered accordingly.

NOTE.—The following resolution was adopted by the Board of Aldermen April 1, 1902, and was received from the Mayor April 15, 1902, without his approval or disapproval thereof; therefore, as provided in Section 40 of the Greater New York Charter, the same took effect as if he had approved it:

Resolved, That the names of all streets, heretofore named by proper authority, west of Jerome avenue, in the Borough of the Bronx, running from east to west, be and the same are hereby changed by prefixing the word "West" to each and every of the respective names of such streets, and that hereafter, whenever a street west of Jerome avenue, in the Borough of the Bronx, running from east to west, shall be named, the word "West" shall be prefixed to the balance of the name given to such street; that the names of all streets, heretofore named by proper authority, east of Jerome avenue, in the Borough of the Bronx, running from west to east, be and the same are hereby changed by prefixing the word "East" to each and every of the respective names of such streets, and that hereafter, whenever a street east of Jerome avenue, in the Borough of the Bronx, shall be named, the word "East" shall be prefixed to the balance of the name given to such street.

The Sign over your door

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

Polk's Medical Register and Directory

FIRST PUBLISHED IN 1886

Has been published at regular intervals ever since without variation in price or purpose. It has received the generous support of the profession at large and in return its publishers have striven to give the profession a Directory in all that term implies, not usurping any functions belonging to the members of the profession, or the authorities in whom reliance is placed for the enforcement of existing laws. It was the pioneer, and in its scope and arrangement must have been wisely conceived, as evidenced by the closest imitation by other publications of a later date. It has been the standard work of its kind for years, and no effort will be spared to maintain the place earned for it in the esteem of the profession.

THE GEO. V. ELLIS PLUMBING AND ENGINEERING CO., INC.

Manufacturers of

Oil Separators and Sewage Ejectors

259 WEST 34th ST. Telephone GREELEY 2873 NEW YORK CITY

Products

Manufacturers of Gasoline and Oil Separators; Sewage Ejectors; Sewage Disposal Plants; Irrigation Systems; Marine Plumbing; Cellar Drainers; Overhead Vehicle Washers and Oil Filters, George V. Ellis Patents.

Gasoline and Oil Separator

The Ellis gasoline and oil separator comprises a combination of receptacles and trap which positively separate all gasoline, oils, or other volatile and inflammable liquids from drains and waste pipes, effectually preventing them from entering the sewers. The separator works automatically, collecting these liquids from the flow. The oils collected can be drawn off by gravity or may be pumped to any desired point. The cost of installation is greatly reduced by simplicity of construction.

TYPES—These separators are made in 3 types:

No. 1 is suitable for large garages. It is of the self-cleaning type provided with accessible clean-outs, water jets and recording gauge. It is positive in action and occupies very little space.

No. 2 is designed for small garages, requiring very little space and few connections, which simplifies the entire apparatus. It has no moving parts and requires no attention other than removing the oils collected.

No. 3 is a combination floor drain and oil separator for private garages. It is self-cleaning and is easily connected.

APPROVAL—These gasoline and oil separators, invented by George V. Ellis, comply with all the requirements of the City of New York, and permits for their installation are issued by the Fire Commissioner as approved by the New York Bureau of Combustibles. They have successfully passed all of the tests by the City Departments having jurisdiction.

Sewage Ejectors

The Ellis automatic sewage ejector is designed for elevating sewage from buildings where the fixtures are set below the sewer level and from cities and towns where proper gravitation can not be obtained. It works automatically and has no finished parts to come in contact with sewage or liquid. It has no pistons or sliding parts such as are used in pumps or similar devices.

The motive power is compressed air supplied by a small automatic compressor, electrically or steam driven. It is self-cleaning. The air pressure required is about 1 lb. per ft. of height of discharge.

CAPACITY—The ejectors are made in capacities of 35, 65 and 110 gals. and can be adjusted to discharge from one to three times a minute.

INSTALLATIONS—The ejector is so simple in construction that it can be installed by any plumber or contractor. Full directions accompany each apparatus.

APPROVAL—It is airtight, properly vented, meets the requirements of Boards of Health and Building Codes, and has been approved by the most exacting sanitary engineers.

Sewage Disposal Plants, etc.

This company is prepared to design and install sewage disposal plants and irrigation systems.

They further own and control especially designed fixtures and equipment for marine plumbing. Specifications and details on request.

Cellar Drainers

These machines are operated by steam or water pressure. They are simple in construction, of large capacity and fully capable of efficiently performing the duty for which they are designed. They do not require strainers; have an indirect action permitting drainers always to be on at full pressure, or entirely closed; can be adjusted at any desired point.

Vehicle Washer and Oil Filter

In addition to the above, there are several types of overhead vehicle washers and oil filters of the George V. Ellis Patents supplied by this company, the details and drawings of which will be furnished on request.

Both of these are extremely simple. They are automatic and can be installed by any skilled mechanic.

DIRECTORY PUBLISHERS

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyer's Guide on earth. A modern up-to-date method of getting what you want.

Take Care of New York City's Increased Water Pressure

ARE YOU PREPARED

for the increased water pressure which New York will have this Spring?

YOU ARE NOT

unless you have Regulating or Reducing Valves installed in your water lines. Failure to reduce the new heavy pressure means ruptured or leaky plumbing and constant trouble.

WE ARE PREPARED

to furnish the best types of Regulating Valves right out of our New York stock. Investigation leads us to believe that perhaps the best of the different types we have, is the "ROSS". They are used on the high pressure fire service and on the Aquaduct. Specify "the Ross" and be sure of getting the best.

Do You Know?

That by street accidents in New York City

One person is killed every 14 hours, and
One person is injured every 23 minutes

You can help to lessen this terrible toll of lives
1. By being careful yourself
2. By teaching others to be careful

Statistics show that the majority of accidents are due to carelessness

We will enforce the rules for drivers, but
Fate must enforce the rules for pedestrians

Reckless drivers are fined and imprisoned
Reckless walkers are maimed and killed

Never cross busy streets except at crossings
Never read newspapers while crossing the street
Never obstruct your view with your umbrella while crossing the street
Always look both ways while crossing the street
Always keep your eyes open and your wits about you

Last year 23,820 persons were injured in street accidents in New York City

"The Safest Advertising Investment in New York"

The Thoughtful Man's Paper

THROUGHOUT its hundred and fourteen years of existence *The New York Evening Post* has constantly upheld the highest ideals of American citizenship.

Founded under the protection of a group of distinguished public men of whom Alexander Hamilton was one, the paper has always held and expressed positive opinions on all matters pertaining to the welfare of the nation.

The New York Evening Post has been characterized hastily as a rich man's paper. It is, rather, the paper of the thoughtful man or woman and good citizen whatever his walk in life.

Its practical usefulness to the business man or woman is unequalled by any other American newspaper. Its unbiased reports of the commercial and financial news of the world form a basis for correct forecasting of future conditions upon which the success of business ventures largely depends.

The newspaper going to the largest number of homes in the community of the sort able to buy goods advertised produces the best result

New York Globe

OVER 200,000 A DAY

(MEMBER A. B. C.)

In response to many requests received from friends, the **NEW YORK HERALD** presents the following information, of both advertising and circulation, for six months ending March 31, 1917:—

In the advertising table all figures are taken from the reports of the Statistical Bureau of the Evening Post, which keeps the advertising records for all the New York newspapers. In some instances the Herald's own checking shows larger **increases** than indicated by the Bureau.

In the advertising statement the Herald presents the figures of all classifications listed by the Statistical Bureau, without exception, believing that the Herald's friends desire a complete and accurate presentation rather than a selection of favorable classifications.

The Herald's **ADVERTISING GAIN** for the six months, according to the Statistical Bureau, is

407,547 AGATE LINES.

On a basis of 296 agate lines to a column, this **represents a GAIN of**

1,376.9 COLUMNS.

The Herald's own figures of gain are 1,424 columns.
The total amount of advertising is 4,160,207 agate lines.

Average circulation, Daily and Sunday, six months ending March 31, 1917, Government report......	**133.918**
Average circulation, Daily and Sunday, six months ending September 30, 1916, Government report...	99,507
Daily (only) average for March, 1917..............	**119,419**
Sunday (only) average for March, 1917............	**222,213**

The value of the New York Herald to advertisers is based on the exceptionally high purchasing power per reader. This truth is best attested by the advertising growth of the Herald in the many classifications in the table printed in the adjoining column.

The month of March, 1917, well illustrates the advertising position of the Herald.

Amusement advertisers paid the Herald **25% MORE MONEY** than to the next newspaper.

In Art advertising the Herald is **FIRST.**

In high-class Furniture, Antiques and Sculpture auction galleries the Herald is **FIRST.**

In high-priced Automobiles the Herald is **SECOND.**

In notices of Orthodox Churches the Herald is **SECOND.**

In Death and Marriage notices the Herald is **FIRST.**

In Dry Goods the Herald made a **GAIN OF 25%.**

In high class Women's Specialty Shops the Herald is **SECOND.**

In Financial, Daily and Sunday combined, the Herald is **SECOND.** (Eliminating oil speculations, the Herald, on Sundays, is **FIRST.**)

In Real Estate the Herald, as usual, is **FIRST.**

In Steamships and Travel the Herald is **SECOND.**

In Resort advertising the Herald is **FIRST.**

In Wants the Herald printed considerably **MORE THAN THE THREE OTHER QUALITY NEWSPAPERS COMBINED.**

In practically every other classification the Herald is **FIRST** as to the high class accounts.

The Herald's own worldwide cable news service and its **EXCLUSIVE** features, as the Fashion Magazine, Motor Boating page, Kennel page, Aviation page, Horse News page, Shipping page, its own Radio service, and its leadership in news of Society, Drama, Real Estate, high class Sports, together with its complete news and departmental features, give it, per reader, the highest class and most distinctive circulation in the United States, which makes it of important value to advertisers of the better kind.

John Wanamaker prints more advertising in the Herald than in all other New York city morning newspapers combined. In his advertising editorial November 11, 1916, over his signature he said:—

"The Herald is the leading newspaper of the United States."

The European Edition of the New York Herald, published at Paris, daily and Sunday, is recommended for advertisers desiring to make announcements on the Continent.

In the following classifications figures indicate a decline:—

This classification includes apartments. Due to the great influx to New York city of newcomers from Europe, South America, and persons attracted to New York city by prosperous business conditions, apartments have had no vacancies and apartment houses have been nearly 100 per cent rented. The Herald still maintains its first place as New York city's leading Real Estate and Apartment advertising medium. For 1916 the figures were:—(Morn- newspapers), Herald, 1,175,823; second paper, 1,162,656; third paper, 1,058,721; all others, 883,374

Confidence Justified!

The President has spoken, and his voice is the voice of the American people, his thought is their thought and his inspiration their impulse.

He expresses the largest confidence in the loyalty of German-Americans, and this is already justified in the responce of the German-American Press.

Quoting from the editorial columns of the New York Staats-Zeitung of March 26th, 1917.

> ***"Secretary of the Navy Daniels has called the attention of the New York Staats-Zeitung to the fact that the navy needs new recruits for the ships in reserve. This is an opportunity for the young men to do real service for our country."***
>
> ***"We are convinced that this appeal to the sons of our citizens of German blood will not be made in vain. They are the men whose duty it will be to defend their country in a crisis like the present, and who will gladly do their duty as their fathers did in 1861."***

This is merely further evidence of the thoroughly American spirit of the New York Staats-Zeitung. It always was first to champion American ideals and principles.

It is a worthy American newspaper and an advertising medium of known value.

It has the most complete news service among American newspapers. All three of the great international news bureaus serve the New York Staats-Zeitung-**Associated Press, International News, and United Press.** This is in addition to its regular staff of correspondents and writers

Polk's Medical Register and Directory

FIRST PUBLISHED IN 1886

Has been published at regular intervals ever since without variation in price or purpose. It has received the generous support of the profession at large and in return its publishers have striven to give the profession a Directory in all that term implies, not usurping any functions belonging to the members of the profession, or the authorities in whom reliance is placed for the enforcement of existing laws. It was the pioneer, and in its scope and arrangement must have been wisely conceived, as evidenced by the closest imitation by other publications of a later date. It has been the standard work of its kind for years, and no effort will be spared to maintain the place earned for it in the esteem of the profession.

Double-faced T&N Corrugated

STRAWBOARD BOXES

Thousands of dollars are being saved every year by the use of these containers. They are stronger, lighter, and cheaper than the old-time wooden box, even for shipping very frail articles such as Glass, etc. They will stand the abuse that Freight shipped boxes are given, when a wooden box a great deal heavier and thicker would split open.

There is no nailing or wiring—all that is required is to give the flaps a few daubs of cement with a brush and they are there to stay—they can't be pried open and relieved of their contents.

A small boy can do your boxing just as well as a man—no experience is required in setting up—very little room is necessary to keep your stock of boxes—freight and cartage bills are reduced. In fact, your overhead expenses will be greatly reduced without taking chances on damage in transit.

We make boxes to suit your special requirements. Mention whether you ship by freight or express and what are the usual weight and class of goods you ship.

PATENTS AND TRADE MARKS

THE wealth of nations depends on patents. Never before have the "arts of peace" offered more chance of a great material reward. **"Made in America"** means that the whole inventive genius of the American people must be concentrated on the production of new articles and the improvement of the old. If you have an invention which you wish to Patent or a Trade Mark which you wish to register, you can write fully and freely to Munn & Co. for advice in regard to the best way of obtaining protection. If you do not find it convenient to call at our office, you can send a sketch or a model of your invention and a description of the device explaining its operation, and you will receive a full reply giving you all of the facts in the case. Communications of this kind are strictly confidential. Our vast practice extending over 70 years, enables us in many cases to advise in regard to patentability without any expense to the client. Our **Handbook on Patents** is free on request and fully describes our methods, terms, etc., as regards patents, trade marks, foreign patents, etc. It should be specially noted that all patents secured through us are described without cost to the patentee in the **Scientific American.**

We earnestly request all inventors to call at their convenience. It is not necessary to make an appointment in advance, as we have an ample corps of expert Patent Attorneys to care for your business.

Our office can be reached by all Broadway cars, which pass the door. The Subway station is at City Hall, the Sixth Avenue elevated station at Park Place is one-half block away, and those that travel by way of the Third Avenue trains should go to the Brooklyn Bridge, which is only two minutes away from our office. The Hudson Terminal is within five minutes walk. We should be glad to see prospective clients between the hours of 9 and 5 o'clock, and 9 and 1 o'clock on Saturdays.

Barrett Specification Roofs

Guaranteed for 20 Years

OUR new plan to guarantee Barrett Specification Roofs for twenty years seems to have met with instant welcome from architects, owners and roofing contractors.

During the first few weeks the plan was in operation *several million feet* of Barrett Specification Guaranteed Roofs were specified.

This means that the owners of these roofs are guaranteed against all roof repair and up-keep expense until 1937.

This new Guaranty Bond is issued on all Barrett Specification Roofs of fifty squares or more in all towns in the United States and Canada of 25,000 population and over, *and in smaller centers where our Inspection Service is available.*

Our only requirements are that the roofing contractors be approved by us and that The Barrett Specification dated May 1, 1916, shall be strictly followed.

The Guaranty is arranged for as follows:

The owner or his architect orders the roofing contractor to "construct a Barrett Specification Roof and get for him a Barrett 20-Year Guaranty Bond on the work."

The contractor notifies us that he wishes the 20-Year Bond and will construct the roof under the supervision of a Barrett Inspector.

The Barrett Inspector on completion of the job certifies that the proper quantity of Specification Pitch and Felt has been used and that The Barrett Specification of May 1, 1916, has been strictly followed.

On our O. K. of the job the U. S. Fidelity & Guaranty Company issues a regular 20-Year Guaranty Bond by which the owner is relieved of all costs for repairs or maintenance to the roof during the next twenty years.

The Guaranty Bond costs the owner and roofing contractor nothing. The service is free in the interest of good workmanship and the good repute of our materials.

If you are interested in the proposition we shall be glad to send you further details.

Hydronon—A Damp-proofing Paint, especially recommended for use above ground-level on the interior of stone, brick or concrete walls, excluding dampness. Plaster may be applied directly on the Hydronon, as Hydronon has ample adhesive power, thus saving all the costs of furring or lathing and expediting construction. Send for Hydronon booklet.

Tarvia—Tarvia preserves roads and prevents dust. Acts as a binder of macadam, prolongs its life, and decreases maintenance charges. Three grades: "Tarvia-B," applied cold for dust-suppression and road preservation, one application lasts a season; "Tarvia-A," applied hot for thorough surface work; "Tarvia-X," for road and pavement construction. Special booklets on request.

Tartex—Reinforced Waterproofing Felt of extra tensile strength for use in waterproofing foundations, tunnels, etc., where the waterproofing course will be subjected to unusual strain.

Everjet Elastic Paint—A dense, glossy black, waterproof paint for metal and woodwork; made in black only. Very low in price.

Barrett's Velvex Creosote Shingle Stains—Made in all the popular colors. Color samples on request.

Tar-Rok Sub-Floor Composition—A special tar preparation used in mixture with sand according to our Tar-Rok Sub-Floor Specification, to provide a damp-proof, rot-proof sub-flooring underneath plank floors of factory basements. Cheaper, stronger and better than air-space construction. Special booklet on request.

Barrett's Carbosota Grade One Liquid Creosote Oil—Is the most efficient wood-preservative on the market to-day. It combines in the highest degree ability to penetrate deeply into the wood, antiseptic action toward fungous growths and insects, and resistance to the action of water and air. Its use will cut your wood-preserving bills in half. Folder free on request.

Everlastic Ready Roofing—This is a "rubber," or smooth-surface ready roofing of the highest grade, made in one-,two-or three-ply, in rolls 36 inches wide, containing 108 square feet. Nails and cement packed in the center of each roll. This is largely used for temporary roofing, and is clean and easy to handle.

Two- and Three-Ply Roofing—Two- and three-ply "Black Diamond" and "Red Seal" are composed of two or three thicknesses of Tarred Felt, cemented together with Pitch. It is used extensively for temporary roofing on buildings of all kinds, and especially for sheathing, where a warm, permanent, vermin-proof material is required.

Barrett's Slater's Felt—This is a well-seasoned felt, and is made especially for sheathing under slate. Put up in rolls 36 inches wide, containing 500 square feet.

Barrett's Deadening Felt—A sound deadener for use in walls and floors. Made in three weights: 4½, 6 and 9 square feet to the pound. Put up in rolls 36 inches wide, containing 450 square feet.

The Things That Endure

ALWAYS the world has sung of The Old Homestead—nobody has ever immortalized the Brown Stone Mansion of Hope.

ONE values old books, old furniture, old acquaintances, old silver, because they speak to us out of the past and refresh the heart with old memories and associations.

THE Gorham Silverware which you buy today for your home will grow into your life like a habit, minister to the present and memorialize the past, and it will not fade like old books, nor wear out like old furniture, and it will survive most friends.

The Sign over your door

It is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The City Directory is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

Stability AND Permanency

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?
